

## 4106 Fairfax Drive Columbus 43220

### **Room Addition**

We added a 900-square-foot room addition to this split level. The new great room, guest room, bath, and kitchen expansion has vastly increased the entertaining value of this cozy eclectic 50's home. Designed for comfort, this new work has an old soul with reclaimed doors, exposed brick, and charm. The east-facing wall of windows has brought new layers of light to the owners morning routine!
